March 2026

Indian River County Department of Utility Services (IRCDUS) recently began the pre-construction phase of the Ixora Park Infrastructure Improvements Project ([see Project Location Map](#)). Much of the existing neighborhood infrastructure is more than 65 years old and in need of restoration. During this phase, the County's design-build contractor will evaluate the existing water and wastewater utilities, drainage, and roadway, to develop plans for replacements and upgrades. ***Residents will receive updates as the project progresses.***
